

THE BOURBON NEWS.

SWIFT CHAMP, - EDITOR AND OWNER.

NOTICE.—Dr. Bowen, the optician, will be at A. J. Winters & Co.'s, Thursday, May 12. Examination free.

THE BEST.—If you want to drink the best whiskies sold over the bar, call on Oscar H. Peddicord, at Hotel Windsor Bar.

WILL PROBATED.—The will of George Henry was probated Wednesday in County Clerk Paton's office. He left all of his property to his wife. She qualified as administratrix.

EXAMINATIONS FOR MAY.—County examinations for May are as follows: County graduates, May 13-14; county certificates (white), May 20-21; county certificates (colored), May 27-28.

SHOES.—Just in—a nobby line of shoes for Spring wear.

FREEMAN & FREEMAN.

FINGER CUT OFF.—James Davis got his hand caught in the cable of the big derrick on Court House Tuesday, having first joint on second finger cut off and the third finger badly mashed.

BEER.—Finest export bottle beer at 5 cents per bottle, at Frank Saloshin's.

MAYOR'S RESIGNATION WITHDRAWN.—At Mt. Sterling, Mayor C. H. Bryan withdrew his resignation as Mayor, and will continue to serve in that capacity. His resignation was caused by the recent telephone trouble in that city.

RIBBON SALE.—Special ribbon sale for this week at Harry Simon's.

MARCUM SUIT CONTINUED.—At Winchester, the damage suit of Mrs. J. B. Marcum against the Hargises, French and Callahan for \$100,000 for the killing of her husband came up in the Circuit Court and was continued until the September term.

WHISKY.—Old Jas. E. Pepper at 75 cents per bottle, for one week, at Frank Saloshin's.

MILLINERY.—I have just received a beautiful line of Summer Millinery. The latest novelties for summer.

HARRY SIMON.

SALVATION ARMY.—Three representatives of the Salvation Army, a man, woman and little girl, were on our street yesterday. The man preached a sermon in front of Borland's store to small crowd. They are surely not through their work at Lexington.

CARPENTER WINS AGAIN.—In the contest for Southern intercollegiate oratorical honors at Kentucky University, which is scheduled at Nashville, May 18, Homer W. Carpenter, of Flemingsburg, was the victor. Carpenter was the winner of the Kentucky University representation at the State contest held at Georgetown.

MEET TO-DAY.—The Democratic State Executive Committee meets at Lexington, to-day at noon, for the purpose of selecting the time, place and manner of selecting delegates to attend the National Democratic convention July 6th at St. Louis. The committee will probably select Lexington and June 21st as the date for holding the State convention.

THE WALK-OVER SHOE.—A world beater for the money.

FREEMAN & FREEMAN.

BOURBON HORSES WIN.—Talbot Bros' Wain-a-moniens won the first race at the Louisville meeting at 2 to 1. Their Talpa ran second Wednesday and Regale won at 2 to 1. Woodford Clay also won his first start with Outcome. If the Bourbon contingent stick to these two stables during the racing season we predict that they will not be the losers at the close.

POWERS CASE.—Briefs for the Commonwealth and defense were filed in the case of Caleb Powers in the Court of Appeals Wednesday, and the case submitted. Attorney-General Hays wrote a most exhaustive brief for the Commonwealth, consisting of fifty pages of typewritten matter. One of the grounds relied on for reversal by the defense in the lack of time to file grounds for a new trial.

LADIES' SHOES.—Have just received the largest and most complete line of ladies' shoes ever brought to Paris. The very latest in patent and kid sandals. Call and examine my stock, ladies, for I am sure you will then buy.

GEO. McWILLIAMS.

GOOD PRESIDENTIAL TIMBER.—The best man that has developed in Congress for many years is John Sharp Williams, of Mississippi, the Democratic floor leader. If he lived north of the Mason's and Dixon's line he would be first-class presidential timber. Mr. Williams married in Bourbon county, a number of years ago, Miss Webb, a governess in the home of the late Mr. Henry Buckner.

AMUSICAL TREAT.—Rehearsing is now in progress for a musical entertainment that will be a rare treat to our music-loving people in the near future. The entertainment will be for the benefit of the First Presbyterian Church, the fund to be used for the purchase of a pipe organ for that church. The rehearsing is under the directorship of Dr. Frank Fithian, and it is needless to say it will be a success.

Burglars In Town.

Thursday morning about 3 o'clock the residence of Mr. E. L. Harris, on 8th street, was visited by burglars. They effected an entrance through a window in the hall, and, although a lamp was burning brightly, entered the sleeping room of Mr. and Mrs. Harris, securing his gold watch and chain and \$1.25 in money from his pants which hung on a chair close to his bed. They then moved over to a bureau where they secured a valuable pin belonging to Mrs. Harris. At this moment Mrs. Harris suddenly awakened and realizing some unwelcome stranger was in the room, with rare presence of mind, called to her husband for a glass of water. At this the intruder made his way out the front door and was lost in the darkness.

Mr. Harris in a few minutes discovered his losses and stepping to the phone called up Chief of Police Hill. The Chief responded in less than 15 minutes accompanied by his well-trained pair of blood hounds, but for some unaccountable reason the dogs failed to take up the scent. As the street fair is in progress and many strangers in the city, THE NEWS would urge upon all citizens, not to leave their premises unguarded during the early evening hours and to see that all doors and windows are securely locked and fastened when they retire at night.

WANTED.—We want your eggs and country produce. Will pay the highest market price for same. Cash or trade.

GAUNCE & CHIPLEY,

Opp. Opera House.

Wake Up! Wake Up!

Feeling that this is time that some action should be taken by our business men in regard to Interurban roads to North Middletown and Millersburg, we again urge the president of the Commercial Club to call a meeting of the club without further delay. If the officers of the club have not the welfare of Paris and the business interests of our community at heart, they should at least let us know their names, and if the old club does not desire to take these matters up, we will take it upon ourselves to call a meeting of our business men and organize another Commercial Club. It is time to act for the business interest of this community, and a delay in this matter is surely going to work harm to our town. Let's be up and doing, as other towns are. This is a day of push and enterprise, and if you are not on the alert you will certainly be left at the post.

APPLES! APPLES!—I will sell to-day and to-morrow fancy Russet Apples at 30 cents per peck.

LOUIS SALOSHIN.

Much Needed Improvement.

Work was begun yesterday, near Hotel Windsor, by the Paris Gas Co. laying mains for the city. This is a much needed improvement, as the main now in use has been down since 1866. This work will be pushed until all of the old main is replaced by new, and we understand larger. After this is finished and the few property owners who have not tapped the sewer are made to comply with the ordinance in regard to sewer tapping, work will begin on paving Main street.

MEN'S TAN OXFORDS.—For the strictly up-to-date Tan Oxfords for men call at George McWilliams' and examine his large stock. You can get the latest from \$3.50 to \$4.00.

Real Estate Transfers.

The following real estate transfers have been recently recorded in the County Clerk's office:

John Pridemore to Henry Biddell, 3 acres of ground on the Frankfort and Iron Works Turnpike, for \$750.

J. B. Nortcott to A. J. Hornback, a lot on Lillstone avenue, for \$250.

Brice Steele to W. M. Berry, 16 acres of land, for \$1,895.

J. T. Tate to John Trabue, interest in land, for \$228.88.

No Patch Work Hereafter.

The Bourbon Fiscal Court was in session yesterday and a parrot and monkey time was had for several hours. It seems the court was called together by Judge Smith in regard to some patch work that was being done on the new court house. Several of the large stones had been broken by the falling derrick, and the building committee had given its consent for the contractors to patch it. After several of the Magistrates contradicting one another for about an hour about what each had said and about what somebody else had said, it was by a unanimous vote decided that NO MORE patch work would be allowed in the future on the new building.

A New Club Organized.

We hesitate to publish about the organization of a new club in Paris, as it was a mere accident that we heard of it, but we propose to give the news and can not let this go by. It is a sure enough secret organization, and for the sake of harmony in a number of our happy homes, we refrain from giving the names of the members. About twenty of our leading business men met on Wednesday night, while their better halves were attending prayer meeting, in the rear of one of our Main street stores and organized the Married Men's Anti-Euchre and Home Preservation Society. They resolved, and declared it was high time their wives and other men's wives were cured of the progressive euchre habit, and propose to use all their efforts to establish such a cure. Several letters from Georgetown and other neighboring towns were read endorsing the movement. How we would like to give the names of the officers elected, but we dare not, as we only have a limited amount of life insurance.

The gentleman who was elected President of the club in taking the chair said: "It is high time we assert our manhood and make a determined effort to down this habit which threatens to wreck our homes. Many a night I have had to walk the floor with the baby until 2 or 3 o'clock waiting until my wife returned from a euchre party. It has got so the clubs meet every afternoon and evening and are now talking about playing on Sunday."

Other men spoke in a similar vein and resolved to curb the popularity of euchre by every means in their power. We want it understood that we are in sympathy with the ladies in this matter, and positively refused to join this club. We talked to several of the members and they declared that they were determined to "down the euchre fiends who threaten to break up their homes."

Good Work Saved Building.

The Fire Department was called out about 10:30 yesterday morning to extinguish a fire which had gained considerable headway at the residence of Mrs. A. P. Allis, on Duncan avenue. The fire in some unknown manner started under the roof, which was in a big blaze when first noticed, and the heroic work of the fire ladders saved the house from burning to the ground. They were again handicapped at this fire by not having a ladder long enough to reach to the roof of a two-story building. One of the Councilmen was looking on and remarked: "Are they the only ladders the fire department have?" And when told they were, he said: "It's a d—n shame." Still this gentleman will attend meeting after meeting of the Council and not bring the matter up.

The house was occupied by Mr. and Mrs. J. Smith Clarke as a boarding house, which they had just fitted up in nice style and had it well filled with boarders. It is harder on them than anyone else, as everything was soaked with water and they had no insurance. Mrs. Allis carried \$2,500 on the house and \$500 on furniture, which will more than fully cover her loss.
